**MEN'S CONSECUTIVE STREAKS** - The most consecutive tournaments won by a men's team was six by Jose Loiola/Emanuel Rego of Brazil (1999, Norway, Italy, France, Austria, Portugal and Belgium). Brazil won 11-straight men's titles once and 10-in-a-row once.

Misty May-Treanor and Kerri Walsh of the United States won seven-straight titles in events they entered (2003 and 2004, but they did not compete in six events during the streak). Holly McPeak and Nancy Reno of the United States won six-straight events together in 1996. Adriana Behar and Shelda Bede of Brazil won five-straight events (1998 and 1999). The most consecutive women's events won by a country are eight by the United States (1996) and seven twice by Brazil.

## Beach Volleyball Terms

- **Ace (Pure)** - A served ball that lands within the playing boundaries, which is untouched by the receiving team and scores a point.
- **Ace (Statistical)** - A served ball that a player on the receiving team cannot handle or pass cleanly.
- **Antennae** - A flexible rod, 1.8 meter in length, placed vertically above the outer edge of the sidelines to mark the outer limit of the crossing space. The antennae are placed on opposite sides of the net. The ball must cross the net completely between the 2 antennae to be considered "in". Contrasting 10 centimeters colored strips are used to 80 centimeters height above net. The ball is ruled out if it makes contact with the antennae when in play.
- **Attack Hit** - The action of directing the ball into the opponents' court. Serving is not considered an attack hit. Considered completed when the ball completely crosses the vertical plane of the net or touches a block.
- **Ball mark** - The disturbance or movement of the sand created on the court surface by the contact of the ball with the sand. This mark may be checked to determine if the ball is "in" or "out".
- **Ball Mark Protocol** - A procedure initiated by the 1st referee for establishing whether the ball has landed in or out of the court.
- **Between rallies** - The time between the whistle to end the completion of a rally and the whistle to authorize the service to start the next rally. Under normal circumstances this is a maximum of 12 seconds.
- **Block** - An attempt by a player or players to interrupt the ball before, as or just after it crosses the net.
- **Bump (Pass)** - Technique of playing ball using forearms, hands together, to direct the ball.
- **Bump (Set)** - A forearm pass used as a set.
- **Carry** - A fault called if the ball comes to rest in the course of contact by one player.
- **Coin Toss** - The action of the 1st referee prior to the match where he or she requests the captains of each team to come to an area in front of the scorer's table. This process determines the team to serve the starting side of the court for each team and player service orders.
- **Contacted Ball** - A contacted ball is one that touches or is touched by any part of a player's body or clothing.
- **Court** - The playing surface divided into two equal areas by a net. In its official form, volleyball is played on a rectangular court 16 meters (52 feet, 5.921 inches) long and 8 meters (26 feet, 2.841 inches) wide.
- **Court Lines** (boundary lines) - These lines delimit the playing area. They are made of resistant material, contrast in color to the sand and are 5-8 centimeters wide. The ball must physically contact the line to be considered as "in".
- **Court switches** (side changes) - The interval in which the teams change their sides of the playing court. Occurs every 7 points (Sets 1 and 2) and 5 points (3rd Set).
- **Coverage** - Most often refers to a backing up a partner's hit when the block is up and the ball comes glancing back.
- **Cross Court/Cut Shot** - An offensive hit in which a player, instead of hitting with power, slices the ball just over and nearly parallel to the net.
- **Default** - Where a team is unable to commence the match legally with its players. It forfeits the match and gains no points.
- **Diagonals** (Long / Short) - The distance diagonally across the corners of the rectangular shaped 16 meters (52 feet, 5.921 inches) x 8 meters (26 feet, 2.841 inches) playing court (long) or across from one corner to the corner immediately under the net (short) of one side of the playing court (8 meters, 26 feet, 2.841 inches) x 8 meters, 26 feet, 2.841 inches).
- **Dig (Save)** - Ball brought up (saved) with any part of body, particularly from a spike attempt.
- **Dink** - Ball played just over net or blocker's hands, instead of spiking and is legal as long as it is not with open fingers.
- **Extension of sideline** - The imaginary line extended from the two sidelines in a straight line from the corners until the edge of the free zone. A service must be completed from within the area delimited by these imaginary lines.
- **Floater** - A serve that follows an uneven trajectory ("floats") over the net.
- **Foot faults** - The illegal action of a player, who at the time of serving or jumping to serve, contacts the line has their foot under the line, or their foot, contacts the playing court.
- **Hard Driven Ball** - Any spiked ball hit from above or level with the height of the net may be handled with double hit by any part of the body, so long as the hit is the first attempt to play the ball. A spiked ball touching the net does not disqualify a ball from being ruled hard driven.

**SWATCH FIVB World Tour Men's Seeding Story - 1996-2008** (through November 16, 2008)

Since 1996, when the format changed for **SWATCH FIVB World Tour** events to reflect a "true" seeding and not to award an automatic No. 1-seed for a host country entry, there has been 177 tournaments where the Main Draw seeds were based on a technical system. The 177 men's events do not include four Olympic competitions (1996, 2000, 2004 and 2008) and two Goodwill Games (1998 and 2001).

- The No. 1-seeded team in the 177 events has advanced to a gold medal match 76 times (42.9%) with 57 titles. In 16 of the 177 events, the top two-seeded teams have competed for a **SWATCH FIVB World Tour** with the No. 1-seeded team winning 13 times.
- Since 1996, the No. 32-seeded team has competed only twice (1997, 2000) for a **SWATCH FIVB World Tour** gold medal. Dax Holdren and Todd Rogers of the United States advanced from the qualifier through the Main Draw to capture the gold medal at the 2000 Mexico stop in Rosarito with 11-straight match wins. Holdren and Rogers defeated No. 7-seeded Rob Heidger and Kevin Wong of the United States for the Rosarito title.
- The top four-seeded teams in a tournament have advanced only seven times together to a **SWATCH FIVB World Tour** "final four" with no 1-2-3-4 finishes in the 177 events since 1996. The last time the four top-seeded teams advanced to a **SWATCH FIVB World Tour** semi-final was at the 2008 stop in Barcelona where the finish was 2-4-1-3.
- Since 1996 (not counting the Olympic and Goodwill Games competition), there has been 138 thirty-two (32)-team double-elimination competitions, three 32-team single-elimination stops (including 1997 world championships), one 48-team double-elimination world championship, 33 thirty-two (32)-team pool play/single-elimination tournaments and two forty-eight (48)-team pool play/single-elimination world championships.
- For the 32-team double-elimination format, 82 events have seen a team post 6-0 records enroute to winning the gold medal. Four title winners have won a gold medal despite losing their first match in the event. A total of 11 winners had to win five elimination matches to advance to the semi-finals while 18 titlists had to win three elimination matches to earn a "final four" berth with another 23 teams gaining a spot in the medal rounds with one elimination win.
- In pool play, 22 teams have advanced through group and elimination play undefeated. Twelve (12) teams have won a pool play/single-elimination tournament with one defeat. Only Phil Dalhausser and Todd Rogers of the United States won a pool play/single-elimination tournament with two pool defeats before winning four-straight elimination matches.
- A total of seven teams have won a **SWATCH FIVB World Tour** event after qualifying for the Main Draw. Here is the list of Main Draw qualifiers with a SWATCH gold medal.

## **THE SWATCH FIVB World Tour Women's Seeding Story** (through November 16, 2008)

Since 1996, when the format changed for **SWATCH FIVB World Tour** events to reflect a "true" seeding and not to award an automatic No. 1-seed for a host country entry, there has been 160 tournaments where the Main Draw seeds were based on a technical system. The 160 women's events do not include four Olympic competitions (1996, 2000, 2004 and 2008) and two Goodwill Games (1998 and 2001).

- The No. 1-seeded teams in the 160 have advanced to a gold medal match 110 times (68.8%) with 75 titles. In 42 of the 160 events, the top two-seeded teams have competed for a **SWATCH FIVB World Tour** with the No. 1-seeded team winning 24 times.
- The lowest seeded team winning a **SWATCH FIVB World Tour** was No. 29 Jen Kessy/April Ross of the United States at the 2007 Norwegian Grand Slam in Stavanger. After winning a country quota and two qualifying matches, Kessy and Ross won one of three pool matches to advance to the single-elimination bracket where the Americans won four-straight matches, including an upset of No. 2-seeded Jia Tian/Jie Wange of China 21-14 and 21-12. As the 25th-seeded team at 2006 SWATCH stop in Shanghai, China's Chen Xue and Zhang Xi captured the gold medal by winning seven of eight matches, including a 21-17, 19-21 and 15-11 semi-final victory over No. 1-seeded Juliana Felisberta Silva and Larissa Franca and a title 23-21 and 21-14 win over No. 3-seeded Tian and Wang. In 2008, 27th-seeded Svitlana Baburina/Galyna Osheyko of the Ukraine placed second at the Austrian Grand Slam stop in Klagenfurt.
- The top four-seeded teams in a tournament have advanced 20 times together to a **SWATCH FIVB World Tour** "final four" with four 1-2-3-4 finish in the 160 events since 1996. The last time was at the 2007 stop in Norway where the finish was 1-2-3-4 in Kristiansand.
- Since 1996 (not counting the Olympic and Goodwill Games competition), there has been 118 thirty-two (32)-team double-elimination competitions, three 32-team single-elimination stops (including 1997 world championships), one 48-team double-elimination world championship, 36 thirty-two (32)-team pool play/single-elimination tournaments and two forty-eight (48)-team pool play/single-elimination world championships.

## THE SWATCH FIVB World Tour Women's Seeding Story (through November 16, 2008)

- For the 32-team double-elimination format, 89 events have seen a team post 6-0 records in winning the gold medal. With no title winners capturing a gold medal despite losing their first match in the event, a total of three winners had to win five elimination matches to advance to the semi-finals while nine titlists had to win three elimination matches to earn a "final four" berth with another 17 teams gaining a spot in the medal rounds with one elimination win.
- In pool play, 33 teams have advanced through group and elimination play undefeated. Four teams have won a pool play/single-elimination tournament with one defeat. Only Jen Kessy and April Ross of the United States won a pool play/single-elimination tournament with two pool defeats before winning four-straight elimination matches (2007 Norwegian Grand Slam in Stavanger).
- A total of six teams have won a **SWATCH FIVB World Tour** event after qualifying for the Main Draw. Here is the list of Main Draw qualifiers with a SWATCH gold medal.
