1. **CONCEPT**

Beach Volleyball athletes compete in a beach and open air environment and are required to project a healthy image to audience, media, partners, etc.

Sun, sand and sea (whenever applicable) are critical elements to take into consideration when it comes to athletes' uniforms. In order to cope with a sunny and sandy environment, the FIVB has established uniform standards which are featured in this document based on the recommendations of its medical advisors, athletes, officials and in accordance to the Rule 50 (and its By-Law) of the Olympic Charter, that will be in force during the Tokyo 2020 Olympic Games.

2. **STANDARDS & GENERAL PRINCIPLES**

The men and women athletes' uniforms must correspond to the standards herein indicated.

No commercial trademark or design other than that of the Manufacturer and authorized prints as per FIVB regulations may appear on any accessories and/or clothing. FIVB recommends using colourful uniforms to possibly reflect the national/territory flag colours and other typical design.

The official men’s uniform for the Olympic Beach Volleyball tournament consists of:

- **A TANK TOP and SHORTS**
- **Eventual ACCESSORIES**

The official women’s uniform for the Olympic Beach Volleyball tournament consists of:

- **A TOP and BRIEFS (Appendix-2, Option 1) or A ONE PIECE (Appendix-2, Option 2),** or other options (Appendix-4, -5, -7 and -8).
- **Eventual accessories**

Athletes on the same team must wear identical uniforms (style, fabric and colour).

Athletes must not alter the uniforms in any way or cover the identification of official athlete's number, athlete’s last name (or nickname), 3-letter country code and national / territory flag, manufacturer’s logo, and no other third party name, logo, corporate design may appear on any equipment or clothing.

The **athlete's name must correspond with the international athlete’s identification used during the Olympic Qualification period** unless authorized by the FIVB (team name used for the results, rankings, on scoreboards, TV graphics, etc.) and be written in Latin letters. The name can either be printed or embroidered or woven, however, the uniform name must be identical to the name used for TV / scoreboard, and official information system.

3. **UNIFORM REQUIREMENTS**

The FIVB requires 3 sets of uniforms in different colours and recommends having a total of 6 uniforms available (2 of each colour) for each athlete.

Opposing team has to wear uniforms of clearly contrasting colours and to avoid the use of white as recommended by the Olympic Broadcasting Services (OBS) and the FIVB. Before each match, the Control Committee will assign, verify and approve the colours of each team. If the FIVB Technical Delegate deems that the colours of the two opposing teams might lead to confusion, or prove unsuitable for television, on-site audience and photos purposes, they must be changed. A toss of the coin will be conducted prior to the start of official protocol and the result of the draw will determine the team that will change uniform in order to comply with the above requirement. A clean uniform must be used for each match.

4. **ATHLETES’ SAFETY**

As per the FIVB Official Beach Volleyball Rules, athletes are forbidden to wear any objects that may cause an injury to an athlete, such as jewellery, pins, casts, bracelets, etc.
5. MEN’S UNIFORMS

**Style** (see Appendix-1 : Men Athlete’s Uniforms)

The TANK TOP must fit closely to the body and the design must be with open arms, respecting the space for the required placements of the manufacturer identification, athlete number, national / territory flag, and 3-letter country code, also respecting the place for the athlete’s name. All information featured on an athlete’s TANK TOP must be clearly visible once (which is strongly recommended by the FIVB) the TANK TOP is tucked into the SHORTS.

The SHORTS must be in accordance with the layout and not be baggy. For all athletes the bottom of the shorts must be a minimum of 10 cm above the top of the knee cap.

**Fabric**

The tank top must be made of elastic material, preferably Lycra or a combination of Lycra/cotton, or other similar good quality synthetic material. Due to severe weather conditions that athletes may face during the competition, the FIVB recommends the manufacturers concerned using breathing materials.

**Colour**

The tank top and shorts should possibly be of bright and light colours. The use of white dominant colour is not recommended by the Olympic Broadcasting Services (OBS) and the FIVB. Colourful designs of the uniform may be allowed, provided that it does not compromise the visibility of the Athlete’s Number, 3-Letter Country Code, National / Territory Flag and Athlete’s Name. It is recommended to use colour and/ or design recalling the national / territory flag of the participating teams.

**General guidelines and design on uniforms** (see Appendix-1)

a) **Manufacturer's Logo**

One identification of the manufacturer per clothing item will be permitted. It can be placed on the front of the TANK TOP and on the front of the SHORTS and must not exceed 30 cm² each. It can be printed, embroidered or woven.

One additional Identification allowed on clothing, strictly limited to Product Technology Identifications, shall be permitted per clothing item and shall not exceed 10 cm². (The Product Technology Identification means the technical identification, which shall not include any Identification of the Manufacturer, or any part thereof, used on Clothing to identify any fabric technology.)

b) **Athlete’s Number**

Athletes are numbered either # 1 or # 2 and must notably use the same number during the tournament.

The same athletes’ number must be compulsorily placed on the front and on the back of the TANK TOP (men) as per the appendix.

The athletes' number measures 8 cm (height) x 6 cm (width) with no less that 1.6 cm wide stripe and must be placed as per the enclosed diagram on the front and on the back of the TANK TOP. It can be printed, embroidered or woven, in a colour contrasting well with the colour of the TANK TOP (i.e. light on a dark tank top, dark on a light tank top).

c) **3-Letter Country Code, National / Territory Flag**

The 3-letter country code must be compulsorily printed, embroidered or woven on the front and on the back of the TANK TOP as per the enclosed diagram on a total surface of maximum 8 cm (height) x 20 cm (width) with no less than 1.6 cm wide stripe. In case, the NOC requests the full country name to be appeared instead of the 3-letter country code, the official request must be made to FIVB for approval.
The national / territory flag must be printed, embroidered or woven on the front of the TANK TOP as per the enclosed diagram on a total surface of maximum 7 cm (height) x 10 cm (width).

Following the decision taken by the FIVB Board of Administration, national / territory flag shall be used as national identity instead of NOC emblem to further promote the National Teams participating and to have clear image of the National Identity in all photos, regardless of from where a photo is taken and to have a consistent visual in all the visuals during the Games.

d) Athlete’s Name

The athlete’s name (i.e. last name or nickname if this latter is authorized by the FIVB) shall be placed on the back of the TANK TOP as per the enclosed diagram and in a colour contrasting with that of the uniform. Letters must be from 4-6 cm high depending on the total number of letters in the athlete’s name.

The **athlete’s name must correspond with the international athlete’s identification used during the Olympic Qualification** unless authorized by the FIVB (team name used for the results, rankings, on scoreboards, TV graphics, etc.) and be written in Latin letters. The name can either be printed or embroidered or woven, however, the uniform name must be identical to the name used for TV / scoreboard, and official information system.

e) Recommended Font

For the Athlete’s Number, Athlete’s Name and 3-Letter Country Code, the FIVB recommends **Frutiger Extra Black Condensed** font to be used to gain better visibility. Other fonts are permitted as well, provided the information is clearly visible to the onsite audience, television and photo purposes.

6. **WOMEN’S UNIFORMS**

**Style** (see Appendix-2 : Women Athlete’s Uniforms)

The TOP (as per **Option 1**) must fit closely to the body and the design must be with deep cutaway armholes on the back, upper chest and stomach (2-piece), respecting the space required for the manufacturer logo, athlete number, national / territory flag, 3-letter country code, and the place for the athlete’s name.

10. **APPROVAL PROCEDURE**

**Uniforms’ Approval Process**

Each NOC/NF is responsible for providing their respective athletes with uniforms from manufacturers which have been approved by the FIVB.

NOCs/NFs, qualifying through the 2019 FIVB World Championships, Tokyo Olympic Qualification Tournament, and the hosting NOC of Japan are requested to send to the FIVB ([beachvolleyball@fivb.com](mailto:beachvolleyball@fivb.com)) the layout of the uniforms in 3 colours featuring all brandings elements in digital format and 1 sample (possibly branded) of each piece of the uniforms (to FIVB, Edouard-Sandoz 2-4, 1006 Lausanne, SWITZERLAND; att. Beach Volleyball Department *by 29th February, 2020*) at the very latest, for FIVB’s approval.

NOCs/NFs, qualifying through the Olympic Ranking are requested to send to the FIVB ([beachvolleyball@fivb.com](mailto:beachvolleyball@fivb.com)) the layout of the uniforms in 3 colours featuring all brandings elements in digital format and 1 sample (possibly branded) of each piece of the uniforms (to FIVB, Edouard-Sandoz 2-4, 1006 Lausanne, SWITZERLAND; att. Beach Volleyball Department *by 22nd June, 2020*) at the very latest, for FIVB’s approval.

NOCs/NFs, qualifying through the Continental Cup (Continental Cup Finals / 3rd phase) are requested to send to the FIVB ([beachvolleyball@fivb.com](mailto:beachvolleyball@fivb.com)) the layout of the uniforms in 3 colours featuring all brandings elements in digital format and 1 sample (possibly branded) of each piece of the uniforms (to FIVB, Edouard-Sandoz 2-4, 1006 Lausanne, SWITZERLAND; att. Beach Volleyball Department *by 6th July, 2020*) at the very latest, for FIVB’s approval.
The FIVB will accept also samples featuring only the manufacturer’s logo if accompanied by a comprehensive layout in hard copy featuring all required branding elements. Should the FIVB find the layout/sample in compliance with the enclosed regulations, it will also coordinate the necessary actions to obtain the IOC’s feedback/approval before providing final feedback to the respective NF/NOC.

A final check will be implemented on the occasion of the Preliminary Inquiry in Tokyo for all 24 Men’s and 24 Women’s teams.

The IOC has set up a procedure for Items to be reviewed and offer assistance to the NOCs and IFs. Submissions should be sent to rule50@olympic.org and copy FIVB at beachvolleyball@fivb.com. As in previous Games, while the process is not mandatory, it is highly encouraged in order to minimize any possible Games-time issues. Once a submission has been made through the online tool, NOCs will be notified of the “reviewed” or “non-compliant” status of their submitted items.

**Teams’ Entry List (BVB – 02)**

Each respective NF is required to fill in the Team’s Entry List (BVB-02) for each qualified team and return to the FIVB (scanned copy via email: beachvolleyball@fivb.com) no later than by 6th July 2020.

**Preliminary Inquiry and FIVB’s Approval**

Athletes and their NOC representative must submit their uniforms that will be worn during the competition, warm-up training uniforms, and accessories (including: sun-visor caps, hats, headbands, sunglasses, arm bands, wrist bands, bags, towels, watches, squeeze water bottles, warm-up training suits, therapeutic support braces, kinesiology medical tape and footwear, etc.) at the Preliminary Inquiry for FIVB’s approval.

During the Preliminary Inquiry, the FIVB Control Committee will check all presented items as per the guidelines/regulations set in this document.

After the Preliminary Inquiry, once uniforms and accessories have been checked and authorized by the FIVB Control Committee, and unless specifically authorised in writing by the FIVB, athletes are not allowed to modify their uniforms and accessories. Uniforms and accessories will also be checked by Tokyo 2020 Competition Management and the FIVB Control Committee at the warm-up courts and eventually before the Athletes entering into the field of play.

**Duties of the Athletes**

Athletes must wear the uniform approved by the FIVB and checked by the Control Committee at the Preliminary Inquiry and be properly dressed during matches, on the field of play, during warm-ups and during post-match interviews in the mixed zone. Athletes are requested to wear clean uniforms in the media/press area and during the awarding ceremony.

**Warm-Up Sportswear and Cold Weather Uniforms**

Upon request of athletes, the Technical Delegate may authorise them to play with warm-up sportswear (same colour and same fabric of the uniforms and tight fitting in exceptional weather conditions such as cold temperature below 15° C). The decision will be announced by the FIVB Game Jury for each match and communicated to the player at the warm-up courts and before their entering into the field of play. The same branding rules as per Bye-law to Rule 50 of the Olympic Charter will apply for such items.

The cold weather uniform shall be composed of a tight shirt with long or short sleeves and/or long or short length tight pants. This uniform must be tight to the body and consistent in style, length and colour for both athletes.

Women athletes may choose to either wear branded uniforms following the diagram of A LONG SLEEVE TOP and LONG SLEEVE PANTS (Appendix-7 : Diagram 4) or wear a tight cold weather uniform under (Appendix-8 : Diagram 5, Option A & B) the chosen uniform option free of any manufacturer logos or 3-letter country codes, or national/territory flags, or NOC logos, or Athlete's Name, or Athlete’s Number.
11. INFRINGEMENT OF THE IOC RULE 50

Any identification of the Manufacturer (including, in particular, any usage of Exclusive Identifiers) infringing upon the IOC shall be removed or covered in accordance with the instructions given by representatives of the IOC, Tokyo 2020, FIVB to the athlete concerned.

12. DISQUALIFICATION AND SANCTION

Please refer to the IOC guidelines in relation to potential infringements.

13. OTHERS

Should a NOC/NF not be in a position to confirm a uniform supplier for their respective team(s), please address your concerns to the FIVB for its evaluation (without any commitment from FIVB’s side).

Notwithstanding the above, these Guidelines are to be used subject to the understanding that:

(1) In case of contradictions between these Guidelines and Rule 50 of the Olympic Charter, the latter shall prevail;
(2) The IOC Executive Board shall be the sole authority to finally determine whether the use of a name, designation, trademark, logo or any other distinctive sign complies with the Olympic Charter and these Guidelines; and
